

OPERATION PERMIT

INDIANA AIR POLLUTION CONTROL BOARD

State Board of Health Building

1330 West Michigan Street

Indianapolis, Indiana 46206

Control No. 017365

Page 1 of 1

SKF Needle Bearings Division

U.S. 6 and Birkey Street

Bremen, Indiana

EPA Region 5 Records Ctr.

290659

is hereby authorized to operate

the green tumble process with particulate matter emissions controlled by a baghouse having a stated 99.5% efficiency, at the above located needle roller bearing manufacturing facilities.

Emissions shall be at a level acceptable to 325 IAC 6-3.

This permit is issued under provisions of 325 IAC Article 2 with the following conditions:

1. That the equipment shall be operated and maintained in accordance with the manufacturer's specifications.
2. That the data and information supplied in the application shall be considered part of this permit. Any change in the operation that may result in a change in emissions, exceeding those specified in 325 IAC Article 2, must be submitted to the Board for approval before making the change.
3. That the permittee shall comply with the provisions of the Indiana Environmental Management Act (IC 13-7), Air Pollution Control Law (IC 13-1-1) and the rules promulgated thereunder.
4. That the permittee shall comply with any specific emission limitations set forth on this permit.

Identification No. 50-11-89-0125

Date Issued February 7, 1986

Expiration Date November 1, 1989
